Briefly describe why you would like to be a host family:

Please specify below what you would be able to accommodate in your home and family life:

What transportation would be available to and from the high school each day? _____

Would you be willing and able to transport a high school student to and from extracurricular activities? _____

Do you have extended family in the area? Grandparents? Aunts, Uncles, Cousins? _____

Do you believe your extended family would be welcoming to an international student and treat them as part of the family during their stay with you? Explain.

What does your family life look like? What do you do as a family for fun? Describe a typical week and weekend at your home. How do you see an international student fitting in with those family times? What about holidays? How are those spent?

One of the purposes of having international students is to integrate them into an American family. Students are not to be considered as guests in a hotel. They should be expected to share responsibilities and chores that are normally expected from family members.

If chosen as a host family I would agree to care for this student physically, academically, spiritually and emotionally. I understand the level of commitment this takes and I am willing and able to commit to one year as a host family.
